WHY A HAUNT

Camp Fire's Buckingham Terror Haunted House is a unique community event, engaging teens and providing an amazing local, family-friendly way to celebrate Halloween.

With a focus on youth empowerment, teens are involved in every aspect of the haunt. Starting each year in June, they design, build, and operate a full-scale attraction that is visited by more than 2,000 guests each October.

Teens earn more than service hours as they gain vocational and project management skills, learn to set and manage goals, and gain communication and leadership experience. Being involved in the Buckingham Terror program gives middle and high school students the skills they need to be successful in school and beyond.
